DEFINITIONS:

- **Higher Self** - the exalted form of selfhood. This is the Light body that surrounds our physical bodies and contains the power of the God Force. Your most empowered self.
- **Akashic Records** - Chronicles of all that occurs in one’s life and the full journey of your Soul. Everything is inscribed in the Akasha, which is etheric energy vibrating at a frequency that records all of the impressions of life, whether created in or out of embodiment. Any individual can learn to access these records by developing inner sight. Akashic records are traditionally known as “The Book of Life.”
- **Chakra** - Seven energy centers that function like data banks in your body. Each chakra records a specific type of data for example; experiences concerning self-esteem are logged in the third chakra located in the solar plexus.
- **Body Deva** - The nature intelligence from the angelic kingdom that holds the Divine Blueprint for your body. This intelligence can be communicated with consciously for the purpose of healing and transformation utilizing kinesiology.
